|-------|-----------------------|-------------------------------|
| 100   | Gehäuse               | casing                        |
| 101   | Pumpengehäuse         | pump casing                   |
| 161   | Gehäusedeckel         | casing cover                  |
| 230   | Laufrad               | impeller                      |
| 412.1 | O-Ring                | O-ring                        |
| 412.2 | O-Ring                | O-ring                        |
| 421   | Radial-Wellendichtung | radial shaft seal ring        |
| 540   | Buchse                | bush                          |
| 550   | Scheibe               | washer                        |
| 710   | Rohr                  | pipe                          |
| 800   | Motor                 | motor                         |
| 834   | Kabelschutzhülse      | cable protecting bush         |
| 914.1 | Innen-6 kt. Schraube  | hexagon socket head cap screw |
| 914.2 | Innen-6 kt. Schraube  | hexagon socket head cap screw |
| 932.1 | Sicherungsring        | circlip                       |
| 932.2 | Federring             | spring lock washer            |
| 940   | Paßfeder              | key                           |

**Produktionsprogramm**

Seitenkanalpumpen  
 Kleinkreiselpumpen  
 Peripherieradpumpen  
 Thermoölpumpen  
 Flüssigkeitsring-Vakuumpumpen  
 Drehstromtauchmotorpumpen

**Production programme**

Side channel pumps  
 Small centrifugal pumps  
 Peripheral pumps  
 Thermal oil pumps  
 Liquid ring vacuum pumps  
 Three phase submersible pumps
